## INSTRUCTIONS FOR THE PATIENT

1. Quick and easy scheduling of appointments, Call 972-681-4000.
2. Exam paper work available on website, [www.NTDImaging.com](http://www.NTDImaging.com).
3. This form MUST be brought to your appointment with your insurance card.

For the best assessment, please follow these directions and take only the medication, food, and water in the amounts shown, and at the appropriate time. Prescription medications may be taken with a few sips of water.

### ULTRASOUND

#### **Abdomen, Pancreas, Gallbladder, Liver, Aorta, Kidney, Spleen:**

Nothing to eat or drink for 8 hours prior to your exam. This includes no smoking, chewing gum or tobacco.

#### **OB or Pelvic:**

Empty bladder 1 ½ hours prior to appointment. Drink 32 oz. of water 1 hour before appointment time. Bladder must be full for exam.

#### **All Other Ultrasounds:**

### X-RAY

#### **Upper GI and/or small bowel:**

Nothing to eat, drink, smoke or chew gum after midnight the night before your exam. If prescription medications are to be taken, take them 2 hour prior to the exam. Infants can have food by mouth up to 4 hours prior to the exam. Diabetic patients should consult their physician for insulin directions.

#### **All Other Areas:**

No preparation is necessary.

### CT

Please make the scheduler aware of any medications you are taking.

#### **Abdomen, Pelvis, Kidney**

Do not eat anything after midnight. If your test is scheduled after 1 p.m. do not eat or eat anything before the test. If your test is scheduled after 1 p.m., you may drink water or coffee (without cream), fruit juices or sodas before 8 a.m. Nothing to eat or drink after 8 a.m. Do not take medications after 7 p.m.

#### **Head, Chest**

Do not eat or drink anything 4 hours before the test is to be done.

#### **All Spine Work**

No preparation necessary.

### MRI

No preparation is required. It is better to wear loose clothing with no metal and no jewelry. Please notify NTDI if you have any of the following risk factors:

- Claustrophobia
- Cardiac Pacemaker
- Cardiac Valve Prosthesis
- Intracranial Aneurysm Clips
- Metalworker
- Pregnancy

### BONE DENSITY

No preparation is required.

## Why Choose North Texas Digital Imaging?

- A Patient-Centered Staff
- State of the Art Equipment and Facility
- Outstanding Board Certified Radiologists
- Exam Reports within 24 Hours or Less
- Accepts Most Insurances
- Convenient Locations
